

FIDA Fully Integrated Duals Advantage PLAN LIST

To learn if there were any changes made to this list after August 27, 2018, visit nymedicaidchoice.com

What is the FIDA Program?

FIDA is a new program that gives you all your Medicare and Medicaid benefits – like doctor and hospital visits, medicines, home care, behavioral health care, and nursing home care in **one** managed care plan. No more multiple plan ID cards! To get your benefits with FIDA, you will use **one** member ID card.

In addition, you will have other benefits like your **care team** who will work for you to make sure you get your services, get to your appointments, and get your medicine. You will not have to pay anything to your FIDA plan – **no plan premiums, no deductibles, and no copayments.**

FIDA plans are managed care plans in the FIDA program. When you join a FIDA plan you are also part of the FIDA program.

The FIDA Program is a partnership of New York State Medicaid and the Medicare Program.

You may call all the FIDA plans below from 8:00 am to 8:00 pm, seven days a week.
